Shin Tao: The Way of Jessica

Start 2009 with a BANG!

There's nothing like a new release to get the year started off right. Forget the parties and the Champagne (ok, DON'T forget them...they're important too)! What you really need to get the new year going is a heart-pounding, non-stop action suspense novel! And it just so happens that I have just the book for the action junkie in you...

Tell Me Lies is being released in e-book format from Cerridwen Press on January 8th. This is a novel that I really poured myself into, creating a dark world of crime, intrigue and betrayal...then finding a heroine strong enough to pull through it.

Adrian Ennis has only known the life of organized crime, having been trained to be a mob assassin from age eight. Crime kingpin Ezra Drake is more like a father to Adrian than her boss and

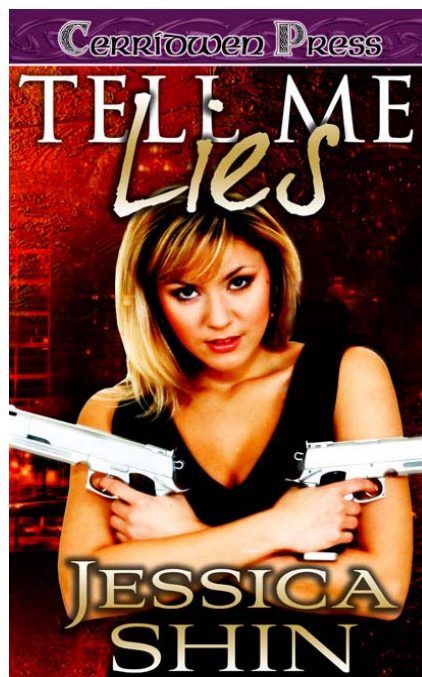

is one of the few people she feels she can trust. But on the evening of her 29th birthday when Ezra orders her to kill Tony,

her past, an unsavory web of murder and deceit that includes the destruction of her entire family. With an innocent life hanging in the balance – Tony's ten-year-old son – Adrian has an opportunity to amend for the wrongs of her past and to bring those who destroyed her life to justice...her way.

Tell Me Lies truly covers the gamut of human emotion. Love, loyalty and trust are demolished and rediscovered through its pages. Adrian's story is not one that you will soon forget. I hope that you enjoy the wild ride as you travel with her through the underworld of Atlanta organized crime, an unlikely place to find

hope.

Note: Tell Me Lies contains some graphic scenes of sexual and violent nature. You've been warned!

Tell Me Lies is released from Cerridwen Press on January 9th

her friend and lover, Adrian's perception of who is and is not her friend becomes a blurred line of blood and bullets.

When Adrian makes an unlikely ally in Atlanta PD detective Damon Wyatt she learns the truth about
